

ASRC's Judge's listing update January 2017
For Club use only, not for publication

Please note – the below mentioned judges have given permission to be included. ASRC do not have contact information for those who fail to respond or update their information. If a Club has passed a trainee or probationary, it would be appreciated if they could update the record including date of passing and overseeing judge/Club.

Those who have retired may consider seminars or overseeing shows.

Please note:

Star grading's for probationary level shows may not exceed a one (1) star challenge.

Nil (0) star grading for trainee shows.

Both require permission from their parent Club to count as a training credit. An overseeing judge must also be present in both cases to validate the trainee/probationary's training credit for that show.

Information in the list is provided by the overseeing Club. The onus is on the Club to confirm status updates of trainees and probationary's.
